Although the abovementioned is the current level of turnover/income and is closely related to the economic indicators, it may be more or less in future. Consequently, this certificate does not serve as a guarantee that the income reflected will continue at the same levels. Where the entity is a start-up enterprise this EME Certificate is valid only for contracts with a single value of less than or equal to R5 million. Should the contract value being tendered for be higher than R5 million and less than R35 million, the EME will be required to submit a QSE Verification Certificate with any tender. For contracts over R35 million a B-BBEE Verification Certificate based on the Generic Codes must be submitted.

Conclusion:

Based on certain procedures performed, we have determined that the turnover/income is less than or equal to R5 million. Based on certain procedures performed, we have determined that the level of Black Ownership is as set out in this certificate. Our conclusion is subject to an inherent limitation in that our procedures performed were on historical information that has not been subject to audit or review.
